Headteacher: Ms J Rutherford BA (Hons)

4 February 2021

Dear Parents and Carers

I would like to take the opportunity to praise the students of Year 11 for their overall approach to remote learning. I am always proud of the resilience of our students and their ability to adapt. The last few weeks have been testing for everyone and the majority of students are working incredibly hard. Now that mock results have been shared, it is an opportunity for students to react and improve on their current grades and I urge students to continue to communicate with teaching staff for guidance on this.

Year 11 Subject Evenings are occurring next week. A reminder that these appointments will give you the opportunity to meet via video appointment with subject teachers to receive feedback about attitude to learning, strengths and areas for development in each subject. Teachers will be unable to discuss specific grades for individual students to preserve the integrity and objectivity of any process that is put in place to determine the GCSE teacher assessed grades. As it stands, we are still awaiting information from the government regarding this process.

I have shared a short video message for Year 11. This can be viewed through the Year 11 group on Microsoft Teams. We have also placed this on the schools YouTube page which can be accessed via this link: <https://youtu.be/7cGZrN8rsiw>

Miss Burton has kindly set up a new Team for Year 11 students to share information which will go into the yearbook. I encourage students to get involved with this as it will be a lasting reminder of their time at King Edward VI School. All the information they need is available in the Team.

Thank you for your continued support.

Mr. A. Hayward
Mathematics Department
Achievement Leader of Years 10 & 11
King Edward VI School
