Headteacher: Ms J Rutherford BA (Hons)

4th October 2021

Dear Parents and Carers,

We have an exciting opportunity for some of our gifted mathematicians in Year 7 to attend a Masterclass Maths Webinar, run by TalentEd, and involving maths author Simon Singh and countdown champion Junaid Mubeen. As we have got to know our classes during their first few weeks at King Edward VI School, we have identified your child as a student who may be interested in, and able to participate in these masterclasses.

The first webinar takes place over the this week, either Tuesday 5th October or Sunday 10th October. Please see attached the letter from TalentEd giving details of how to register for the webinar, and some information about the opportunities available following this. This is currently a free opportunity if your child is interested and is able to continue for this term.

We do hope you decide to register for this opportunity, and if you do, please let Mrs Cooper know.

Kind regards

Nikki Cooper
KS3 Maths Co-ordinator
